

We are truly grateful for your contribution to the Uyghur cause as we work hard to give a voice to the voiceless Uyghurs facing genocide back home. Because of benevolent people like you, we are one step further in our advocacy work to stop the Uyghur genocide and forced labor, as well as to promote freedom, democracy, and human rights for Uyghurs. On behalf of Uyghur Americans in the United States, the Uyghur American Association (UAA) would like to express our immense gratitude to you.

## Domestic

### 1. AT-RISK YOUTH

A child at risk is less likely to transition successfully into adulthood. Our mission is to support organizations that can provide our youth with the tools needed for academic success & job readiness. Access to these tools ensures a future of financial stability and high hopes of becoming a positive member of society.

### 2. FOOD INSECURITY AND A STRONG SOCIAL SAFETY NET FOCUSING ON SELF-SUSTAINING.

We dream that no one worries about where they will get their next meal, sleep, or get meaningful healthcare. Our goal is to snuff out hunger & provide resources that will build stronger, more resilient individuals and communities.

## International Focus

### 1. EQUALITY FOR WOMEN & OTHERWISE OPPRESSED.

The Mayo Family Foundation stands firm in its fight to ensure women live free from violence & discrimination, have access to education, and earn a fair and equal wage.

### 2. DEMOCRATIZATION OF HEALTHCARE IN RURAL INDIA WITH A FOCUS ON BURN CENTERS

There are 1.4 billion people in India. 72% of the population is said to be rural. Access to burn units in rural India is almost unheard of. The Mayo Family is working on several projects, including building burn units in hospitals in rural India.
